Total Financial Aid Awards for 2011 - 2012: \$360,000  
Number of Families Receiving Financial Aid: >200

In order for Coyle and Cassidy to provide a high quality Catholic education at an affordable price, it is imperative that we operate according to sound fiscal policies and practices. This requires that we maintain a consistent cash flow throughout the year in order to meet our operational needs.

However, recognizing the current economic environment and the fact that most families live according to a budget, we do not require full tuition payment upfront. While this is certainly an option, families who would prefer to pay tuition in monthly installments may do so through the FACTS tuition management program.

The FACTS program is an interest-free automatic bank payment plan through which your financial institution makes monthly payments on your behalf directly to FACTS from your checking or savings account. Families may choose to spread their payments over 10 or 11 months beginning in the month of May. 82% of our families choose to pay tuition through FACTS.

Because Coyle and Cassidy High School accepts students from all socioeconomic backgrounds, we are committed to providing financial assistance to families who demonstrate financial need. Any families wishing to apply for financial aid must complete an online FACTS Grant & Aid Assessment application by March 1, 2012. To apply online, visit [www.factstuitionaid.com](http://www.factstuitionaid.com). Financial aid awards are distributed based on available financial aid dollars, the number of qualified requests, and family demonstrated need.
